SERVICE

Among all of the events we held this semester, Service was at the top. We ended this semester with 914 hours of service as a chapter. A lot of these hours came from the dedicated brothers who participated in Homecoming.

We started the year off right, completing 50+ hours of service at The Regional Food Bank of Oklahoma. Helping pack 9,920 pounds of food, which is a total of 8,267 meals for families. Next semester we will push to beat our hours from this semester.

THIS YEAR AT A GLANCE

This semester was one of the best, if not the best, semesters we have had as a chapter in the past few years. We have excelled not only academically, but also in service, socially, and overall as a chapter.

We could not have asked for a better pledge class to start this semester with. They were eager to join, and to do whatever it took to make this the best organization on campus.

HOMECOMING

We took second place overall, barely coming in behind Gamma Phi Beta. In the individual competitions we placed:

- 1st in Service Hours
- 2nd in LipSync
- 3rd in Banner
- 2nd in Spirit
- 5th in Structure

PLAN FOR THE ONCOMING YEAR

We as an executive committee have been ecstatic for what we can do for this Fraternity. We have plans to better our relationship with the other Greek Life Organizations on Campus, and also to keep growing our general optics with the Kappa Sigma Headquarters. We have been in non-stop communication with each other since taking our positions in the Fraternity, and can't wait to share our plans with you all soon! We will be flying out to Las Vegas on January 5th, and staying until the 8th, to meet with our Alumni Advisor and plan out the oncoming year, and set in-stone our plans. The first Newsletter in January will include all of the information we cover on this trip.

PLEDGE CLASS OF FALL 2022

We accepted a pledge class of 19 pledges at the beginning of the fall, we retained 17 of them. Making us tied for the biggest pledge class on campus. These pledges were phenomenal young men who were hungry for what this amazing Fraternity could grant them. They were diligent throughout their Pledge Education, and have been the textbook example of what a Brother of this fraternity should act like, both in social settings and in the classroom.

We all are excited to see what this pledge class will do in the coming years, and see them funnel into the positions that fit them the best.
